

✨ Healing Energy Work Session with Miia & Her A-Team ✨

Sometimes life opens doors you never planned to walk through. Seven years ago in NYC, during a session where I was *channeling answers to a client's questions*, I experienced this firsthand. Subtle, beautiful energy work suddenly began to work on the client's body. It wasn't from me, but—as I later found out—from an angelic team I now affectionately call my **A-team**.

Since then, these healing energy sessions have continued, delivering profound and beautiful shifts for clients. What comes through is always for the client's highest good at that time.

WHAT CLIENTS EXPERIENCE

- **Deep Healing & Release:** Letting go of old patterns and emotional burdens.
- **Clarity & Insight:** Gaining new perspectives, inner clarity, and emotional relief.
- **Physical & Spiritual Shifts:** Experiencing physical changes and deep spiritual shifts.
- **Sacred Processes:** Often leading to profound, sacred experiences.
- **Guidance:** Receiving guidance that is both spiritual and practical.

THE SESSION FLOW (60-75 minutes)

- **Check-in:** A brief conversation about what is currently present for you.
- **Energy Work Phase:** You relax with eyes closed while I guide you through the process.
- **Channeled Q&A:** Space for your questions, with answers channeled through me.
- **Integration:** A wrap-up conversation to help integrate the experience.

Important: What comes through during the session is always supportive, non-judgmental, empowering, and never overwhelming. While one session often brings powerful results, multilayered issues may require follow-up.

PRACTICAL DETAILS

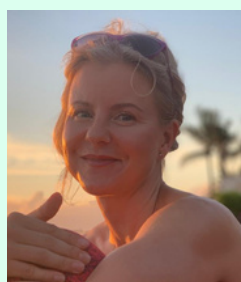

- **Delivery:** Typically over Zoom (as effective as in-person). In-person sessions are possible if we are in the same location.

With love,
Miia

"Miia's clarity and honest way of communicating through her higher consciousness connection has been a crucial help in my process of understanding difficult emotions arising around my family and love affairs. She and the light beings she works with have taught me self-love and letting go of anger and bitterness through integrating these emotions as part of me and my experience. This has truly expanded my heart and consciousness and helped me to get elevated to the witness consciousness, from where all the issues and emotions now rising seem less paralyzing thus I have learned to let the emotions flow through me without identifying with them anymore. That is what I call a liberation - a true freedom and abundance indeed!!! Thank you Miia and thank you A-team!"

"I cannot speak highly enough of Miia's skills, intuition and heart. In the murkiest of waters, she simply takes you by the hand and effortlessly leads you to the other side of the tunnel, until you start seeing the "big picture" and recognizing your own truth and power in the midst of a confusing situation. While she does not sugar coat things, she's highly empathetic in her channeled guidance and her perception is deep and right on the "money". When most of us have random moments of insight, it seems that she is tuned into a place of truth and wisdom at all times. Not only can she save you time and effort but she can also bring ease, clarity and resolution into any given situation. I highly recommend Miia as an energy healer and coach in both personal and professional matters."

"When I first began to work with Miia I was sad, broken, defeated, and didn't know my own self-worth. After my first session with Miia, I became aware of where these feelings came from and began the healing process. Now, I look at life through a different lens. I've allowed myself to connect with this abused little girl that has been living inside me, that I've been protecting from everyone in this world that could potentially cause her harm, for so long. Now, I am ready for the first time to open up my heart and let others in, completely unafraid. It's not an easy road but it is one I am so grateful to have found."

-Kimberly C., Australia

"In our session, Miia accessed a source of wisdom that dispensed advice that was wise, practical and profound. I found her words to be relevant to the situation at hand while urging me to expand into a bigger version of myself. The Q&A session at the end was particularly enlightening. I recommend the experience whether you have a particular challenge to solve, or just seek usable insight into your current situation."

-Ali B., USA

"I had an amazing session with Miia! It was so powerful and she is so intuitive! Being a hypnotist and an RTT Practitioner myself, I know "the drill" of how a session goes, but Miia was able to tap into things that I didn't think were even relevant but they sure were! She guided and led the session and gave me so many A-HA moments that really helped shift my perspective on things! Thank you so much for an eye-opening experience Miia! You are so gifted and thank you for sharing your gift with us!"
